

Requesting a Community Presentation

Philadelphia FIGHT offers AIDS Education Month Community Presentations to the Philadelphia community from **June 1st- 30th**. Presenters will bring the latest information about HIV treatment and prevention to local agencies, churches and community groups. We hope to provide a thorough understanding of the challenges this disease presents, and promote all attendees to get active in the fight against AIDS.

Reasons to have an AEM Community Presentation:

- New estimates cite that 30,000 people in the city of Philadelphia are infected with HIV.
- Your clients, residents, participants or community members might be at risk of infection, and you want to provide them with information to keep them safer.
- Your staff can use information from the workshop to better serve the communities you work in.
- Presentations can be tailored to the specific needs of your agency.
- If your organization would like us to come out multiple times for different audiences, we will.

Participants will be able to:

- Understand how HIV/AIDS is transmitted
- Prevent transmission of HIV/AIDS and discuss risk reduction practices for everyone
- Separate myth from fact
- Consider the complex social, economic, and political issues contributing to the spread of HIV
- Identify and learn how to access and advocate for rapid testing sites in your community
- Learn the latest statistics for HIV/AIDS and other STI's in Philadelphia, the US, and the world

REGISTER TODAY! SPACE IS LIMITED

Community Presentation Request Form

During AIDS Education Month, Philadelphia FIGHT sends presenters to local organizations. Our Community Presentations examine the AIDS epidemic here in Philadelphia and worldwide. We discuss statistics, social factors that impact the spread of disease, and what needs to be done to stop it. Workshops are scheduled in *two-hour blocks*.
