

PrEP STUDY

DISCOVER is a new clinical study for men who have sex with men and trans women who have sex with men. This study is to evaluate if a once-daily investigational medicine can help reduce the risk of getting HIV infection from sex (“PrEP”, or Pre-exposure Prophylaxis).

TO BE ELIGIBLE:

- You must be at least 18 years of age
- You must be HIV negative

If you are accepted into the **DISCOVER** Study, you will receive study-related exams, lab tests, and study medicine at no cost.
