Please note that Medicaid plans stop providing coverage for most root canal procedures at age 21.

If you are living with HIV and meet certain eligibility criteria, you may qualify for Ryan White funding and you may be able to get your root canal free of charge at Temple Dental School.

If you have Medicaid, Penn Dental School provides reduced fees for non-covered root canal procedures.

Please note that just because your insurance is accepted at a practice does not mean that your insurance covers root canals.

**If you're having trouble, call us at (215) 525-3046 or
email us at dental@fight.org**
